**TO WHOMSOEVER IT MAY CONCERN**

'Vantage', our Company, mainly engaged in Outdoor Advertising, really needed a solution that would integrate Company's various business functions. Our nature of business does not fall under any ready-made ERP available in the market. Hence, we were looking for a solution provider who can understand our domain and deliver to our expectation. After doing the necessary due diligence we have chosen M/s Skylark Information Technologies Private Limited for the above purpose. They have worked very closely with us and delivered an integrated ERP solution comprises of various modules viz., Accounting, Contracts & Order Processing, Leasing & Purchase order Process, Operations, Inventory, Fixed Assets and Pay Roll and a lot of other MIS reports, as per our business requirements. We felt our choice was right and the system delivered by Skylark in on a state-of-art technology with good-quality, high-performance & cost effective system and enables us to meet our business goals by providing solutions. As it is a web-based solution, we are able to connect all our branches and <sup>obtain</sup> the requisite flow of information on-line. We are quite impressed on the ERP system and especially on Skylark's post sales support.

for Vantage Advertising Private Limited.
